### And What Have You

By BOB CRAIG

With the start of a new year comes the time for politics to start making the headlines, and with January comes the last month to register.

The one big change in voter registration this year is that everyone must register including those who are over 60. In the past over age voters in Jones County and anyone not living in a city of 10,000 or more did not have to register. But this was changed by the last session of the legislature.

The Voter Registration Certificates are free but all voters must have one to vote. The Certificates may be obtained at the BCD office here or in the County Tax Assessor's office in Anson.

It is beginning to look like this will be a voter's year as there will be elections all the way from City Hall to the White House.

So far no contests have shown up on the county level from those that have announced but the deadline for filing is not until February 5.

So be sure and register so that you can exercise your right as a citizen.

We are sure that we are no different from any one else in town when we say that we will be glad when the mess from the fire gets cleaned up and some form of restoration gets underway. It seems so depressing to see the ruin and rubble every day.

We understand of course that things do take time and that everything is progressing as well as it can under the circumstances.

Because of the time involved in settling large losses such as those suffered here, it is still too early to get any statements on who will build back and what will be done with the property involved. Needless to say, for the sake of Hamlin we hope that all three businesses are restored because we feel that they are needed here.

Over the past few years Hamlin has made a lot of progress in cleaning up and beautifying the downtown area with a considerable amount of face lifting and remodeling. We would hate to see it set back by a gaping hole in the middle of the downtown area.

Fortunately for Hamlin, we understand that there are a number of local business people that are also concerned enough to help see that this does not happen. The mere fact that they are interested enough to offer what ever help they can give is important. This is what keeps a town from dying.

While our block took a beating in the fire all is not bad in that we have a new neighbor to welcome — even if they are only moving from one side of the street to the other. West Texas Utilities moved into their new building this past week and our neighbors, the Jess Youngs, got a pretty new front on their building.

All football fans should have had a good time this past weekend with all of the line bowl games that were played. It was rather surprising that all of the games were such good ones because the lineup really did not seem to be too impressive. But as it turned out, it was the best set of New Year's games in a long time.

We still cannot imagine over 50,000 people sitting out in 15 degree below weather watching a football game as the fans did Sunday at the Cowboy-Green Bay game. We cannot even understand how the players made it through the game. We realize that it is impossible to move a game at the last minute because of the weather and it is equally hard to postpone one, but we cannot help but think that the game Sunday was not a true picture of the strength of the two teams. But then it does not make much difference since it still will be Green Bay and Oakland in the Super Bowl.

We would like to remind you again to take the time to register. Your vote will be needed this year.

The Christmas Eve fire that destroyed Western Auto Store, Winn's and Irvine Hardware was the top news story of 1967. Firemen from Anson, Stamford and Aspermont helped local firemen fight the blaze. Top news story in construction was the new Hamlin High School Building.

The building of the Hamlin Jaycee Community Building the approval of funds for the Neinda Water System, Hamlin Jaycee Volleyball Tourney and the Smorgasbord by the Woman's Forum, money raising projects, rank as major stories of civic activities.

Brief sketches of the news each week taken from the files of the Hamlin Herald reflect the happenings of the past year.

J. W. Simmons, Chief of Police at Anson, has announced that he will seek the office of Sheriff of Jones County in the forthcoming election. Simmons said, "In making my announcement for the office of sheriff of Jones County, I do so with knowledge of the responsibilities of the office."

"I will give impartial law enforcement to all alike at all times," he added.

He said he would give his official announcement at a later date. "In the meantime," he added, "I will try to see each one of you personally."

### Representative of WTRC to Speak To P-TA Today

## Postmaster Reminds Mailers Of New Rates to Start Tuesday

Postmaster Perry Sparks reminded mailers that new higher postage rates become effective January 9th., including the 6-cents-an-ounce charge for first-class letters.

Other rates effective this date, he noted, are: 16 cents an ounce for air mail, 5 cents for postal cards, and 8 cents each for air postal cards.

The 20 per cent raise in first-class letter rates, effective January 9th., is a smaller percentage raise than that imposed on other types of mail.

He pointed out that there has been a 24 per cent raise in the rate for mailing newspapers and magazines and a 34 per cent hike in the charges for advertising circulars, "occupant" mail and other bulk third-class mail items.

The new rate provisions also establish important rate changes for heavier first-class mail pieces, Mr. Sparks explained.

If the first-class mail piece weighs more than 13 ounces, it will go automatically by the fastest transportation available — meaning air service usually.

"Heavier first-class pieces, above 13 ounces, will be merged with air parcel post under a single rate schedule," he said, "and all air mail above 7 ounces also will be subject to the air parcel post rate schedule."

## LVN Association To Show Film for Women Monday

A film of interest to all women has been secured by the LVN Association and will be presented in a public showing Monday at 7 p.m. in the primary cafeteria.

The 25-minute film, "Self Examination for Breast Cancer," is the same one that is being shown in Fort Worth.

All women are invited to attend. Mrs. W. W. Wallace, a member of the group, said she will have the film until Jan. 12 and it will be available to be shown to women's groups, in case there are some who cannot attend the Monday night showing.

## Bridge Winners

Winners at the Tuesday evening meeting of the Hamlin Duplicate Bridge Club were Jack Russell and Harvey Elkins, first; Mrs. Gene Knabel and Mrs. Floyd Briscoe, second; and Mrs. Dale Lain and Gene Knabel, third.

## Janice Hardaway Selected FFA Chapter Sweetheart

Janice Hardaway, 17-year-old senior, has been elected Chapter Sweetheart by members of the Hamlin Chapter Future Farmers of America. Janice was presented an official FFA Sweetheart jacket at an assembly just before school was dismissed for the Christmas holidays.

Daughter of Rev. and Mrs. Cecil Hardaway, Janice is active in many phases of school life at Hamlin High School. She is a member of National Honor Society, Future Homemakers of America, Piper Band, Spanish Club and the girls basketball team.

She is also copy editor for the school paper, "from behind The Green Door," senior favorite and nominee for Homecoming Queen.

In addition to school involvements, she is very active in youth activities of First Methodist Church, where her father is pastor. Last summer she was a member of a Methodist Youth Evangelical team which conducted meetings throughout the Northwest Texas Conference of Methodist Churches.

She will represent the

Hamlin Chapter in the Stamford District FFA Sweetheart Contest, the Jones County Queen Contest, and the West Texas Fair Sweetheart Contest.

Margaret Cooper was first runner-up, and will represent the chapter in any contest in which Janice cannot participate.

### Van Newberry Selected for Honor

Van A. Newberry has been selected to appear in a publication "Spotlight on Campus '67-68" which recognizes de- serving students on Abilene college campuses. The book informs readers as to "Who's Who" on campus.

Selections are based on outstanding activities in scholastics, religion, athletics, leadership and corporate or organizational achievement.

Mike Murphree, Sammy Ferguson, Gary Smith and Randy Wiseman of Haskell went to Ruidosa, N. Mex. for a three-day skiing trip last week.

Visiting with Mr. and Mrs. Bob Craig and family were her parents, Mr. and Mrs. T. P. Fincher, and Arnold J. Martin, all of Albany.

## WTCC to Present Outstanding West Texas Scholar Awards

"Outstanding West Texas Scholar Awards" have been announced by J. Fluke Godfrey, Spur, chairman of the West Texas Chamber of Commerce education committee.

The new awards are to be presented to not more than two students from each of the 490 high schools in West Texas. Selection will be made by school officials in each school on the basis of grade average, school and civic honors, offices held, membership in school and civic groups, and other special accomplishments.

To be eligible to win such an award, the student must be a senior student, have an im-

peccable character, demon- strate good citizenship char- acteristics and show aptitudes of leadership.

Nomination forms have been sent to all high schools in the 132-county area of the WTCC and when final selec- tions are made the awards will be presented in public cere- monies early in 1968.

"We feel that outstanding students in all schools should be publicly recognized for their contributions to the high aims and purposes of public education," Don Wooten, Abilene, WTCC president, said when the Board of Directors approved the awards.

"Though we would not de- tract from athletic achieve- ment, we think that schol- astic achievement should also be rewarded with appro- priate notice by the public and the news media," he con- cluded.

## Sylvester News...

by Mrs. R. M. Babb  
Morning, cold isn't it? Happy New Year to every one even though it is plenty cold and promising to be worse, we can always be glad it isn't worse than it is.

Quite a bit happened over the Holidays and I am sure I don't know half of it. The Jim Lannings drove to Coleman and picked up Jimmy and Judy and went on to College Station to attend the wedding of Lee and Linda Moore. Lee and Linda, Jimmy and Judy were to attend the football game in the Cotton Bowl Monday.

During Christmas in the W. B. Brown home were the Bill Brown family of Lubbock, Mrs. Brown's father, J. S. Woodson of Holiday Lodge, and the Gerald Prather family of Sweetwater. Then on New Years the Max Deel family of Levelland and the Prather family of Sweetwater visited.

Shopping in Abilene on Monday were Mr. and Mrs. Homer Pursley and Mrs. W. B. Brown.

Attending to business in Sweetwater on Monday were Mr. W. B. Brown and R. M. Babb.

Mrs. Retta Kidd has been moved to Hamlin Hospital after surgery in Hendrick Hospital due to a fall on the ice breaking a hip. She is in room 8.

Mrs. J. E. Tindal was taken to Hendrick with a touch of pneumonia but is doing much better.

Mrs. Paul Stephens is in Callan Hospital in Rotan. In the Kenneth Lotterett home over the Holidays were Mrs. Mary Ellen Turner and Larry, Mrs. J. E. Baskley of Holiday Lodge, Hamlin. Mrs. Tanner is from Abilene and Larry attends Texas Tech in Lubbock.

Mrs. May Hurst spent the Holiday in the Donnie Early home in Hamlin.

Mr. Ernest Kiser spent the Holiday season in Ft. Worth in the John Tankersly home. Mrs. Hugh Hood returned from Michigan where she has been for several weeks due to the illness and death of her Mother.

Karlene and Jolene White and their father spent Christmas day with their grandmother, Mrs. Neda Kiser.

Richard Allred is spending the Holidays with his grandparents, the Milt Montgomery's. In the Montgomery home was another grandson and his new wife, Mr. and Mrs. Johnnie Hollis.

Mr. and Mrs. Woodford Pursley are moving back to our town. They have been living for the past year in Big Spring.

Mr. and Mrs. Med Herron drove to Carlsbad N. Mex., this past weekend to take their grandchildren home.

Mr. and Mrs. Milo Gray, Mr. and Mrs. Don Taylor and daughters of Ft. Worth visited New Years in the Roy Kiser home with other relatives.

The Raymond Griffin family returned safely this past week after spending Christmas with her parents in Calif.

Two weddings in Roby during the Holidays were performed by Rev. R. M. Babb, Dec. 22 Jerry Robinson and Kay Cleveland were married in the Melvin Thompson home, with a reception following. On Dec. 31, Benny Smyrl and Judy Price were married in the Smyrl home with a reception following.

Attending the funeral in Sweetwater for Mrs. Don Campbell's father, Mr. Curry were Mr. and Mrs. Chub Hardwick and Mrs. R. M. Babb.

In the Charles Scott home on Christmas day were Mrs. Ella Scott of Holiday Lodge of Hamlin and Butch Scott and family of Anson.

Mr. and Mrs. James Beck had their daughter, Connie, home from Tech. The Robert Scott's two daughters, Susan and Joyce of Tech enjoyed being home with their parents.

Mrs. A. J. Cook isn't responsible for any thing she does for a few days as she is expecting her parents, The Clark's from England around the eighth of January. It has been several years since they were here. We shall all be glad to see them. We all learned to love them when they were here before.

Some sea snakes of Polynesia are extremely poisonous.

# CREATION...

ISN'T IT AMAZING  
...Scientists say that there are no two snowflakes alike! How many snowflakes do you suppose there have been since the beginning of time? Billions? It staggers the imagination when one thinks of all the things that God has created from nothing.

Genesis, the first book in the bible means beginning. It tells of many of God's more major creations, and how He created all these things for the benefit of man. Attend church, study God's word and learn more of God's plan for man.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

CITY .....

of action on that front almost the year around.

There is no sure way of predicting at this point whether U. S. Sen. Ralph Yarborough, Lt. Gov. Preston Smith, Secretary John Hill, former Atty. Gen. Waggoner Carr, Dallas radio man Gordon McLendon, Houston attorney Don Yarborough or an unheralded dark horse will emerge the Democratic nominee for governor. Neither is it clear who the Republicans will put up to oppose him. Congressman George Bush of Houston? Sen. John Tower? An unknown?

While Texas national Democratic convention delegates obviously will be pledged to support President Johnson, state Republican leaders have not tipped their hands as to their favorite candidate for nomination.

Although the winners can't be picked in advance, red letter dates can be marked on the 1968 political calendar. Here are the main ones:

February 5 — Last day for filing as candidate in primaries.

May 4 — First primary election and party precinct conventions.

May 11 — County party conventions.

June 1 — Second primary election.

June 8 — State conventions to pick national convention delegates.

Sept. 17 — State conventions to pick Texas party leadership (executive committees) and write the state party platforms.

November 5 — General election.

Remember that, to participate in any of the action, you must register (it's free) with the county tax assessor-collector or authorized deputy by January 31. Registration is simple and can be accomplished through the mail on forms provided by most newspapers.

**ATTORNEY GENERAL RULES** — State Welfare Department can pay medical aid directly to recipients of services or to physicians, Atty. Gen. Crawford C. Martin has held.

In other recent opinions, Martin concluded that: An anhydrous ammonia pipeline is subject to juris-

diction of the Railroad Commission.

A qualified agricultural engineering major can be licensed as a professional engineer.

Cochran County Memorial Hospital District can pay expenses of sending needy persons to outside hospital facility where it cannot discharge its full responsibility to provide adequate medical care.

Requirement of newspaper advertisement (or posting) to take competitive bids does not apply to county expenditures for purchase of equipment for general use by the county payable out of current funds. Where the county wants to make a contract under competitive bidding requirements, bids must be stated in terms of gross price without "trade-in". However county commissioners may ask for trade-in data and consider it in awarding the contract.

**COURTS SPEAK** — A Negro mathematician at the spacecraft center in Houston who had a plate yanked out of his hand by a private club manager is entitled to \$900 in damages for "battery". State Supreme Court agreed. Decision reversed lower courts.

Fourth Court of Civil Appeals, in a Webb County case, agreed the state has the right to regulate picketing in labor-management dispute. Labor group unsuccessfully attacked a ban against more than two pickets at a time within 50 feet of the struck establishment or other pickets.

**POLICY CANCELLATION GUIDELINES SET** — State Board of Insurance announced these general guidelines for cancellation of certain insurance policies or company refusal to renew coverage:

Family auto policies and auto coverage should be cancelled only for premium non-payment or for license suspension or revocation.

Companies should not balk at renewing family auto policies strictly on account of ages of insured.

Thirty days' notice of non-renewal should be given before declining to renew family auto policies and auto coverage, homeowners policies and standard fire policies on one-family dwellings.

Cancellation cannot be ordered on home owner and standard fire policies for one family dwellings solely because the company changes underwriting requirements during the policy term.

**FOURTEEN CITIES START SALES TAX** — January 1 marked the start of actual collections of the new one per cent city sales tax in 14 of more than 150 cities which have approved the tax since September. These 150 cities represent 65 per cent of Texas' urban population.

Cities starting the tax January 1 included Aransas Pass, Austin, Bracketville, Corpus Christi, Elgin, El Paso, Henrietta, Ingleside, Nacogdoches, Orange Grove, Port Aransas, Taylor, Texarkana, and Wichita Falls. Collections of one per cent

## THANK YOU

We wish to extend our thanks and appreciation to all of the Volunteer Firemen and all others who helped in fighting the fire Christmas Eve. Without all of your efforts our loss would have been much greater.

Not only are we thankful for the work done the day of the fire but we also appreciate the time that has been spent since that time in controlling the fire.

We would also like to thank all of our customers who have been so patient and understanding as we attempt to operate under these temporary conditions.

**WE EXPECT TO BE BACK IN FULL OPERATION IN ABOUT A WEEK AND A HALF.**

We will continue to serve your prescription drug needs through the side door until that time. When we re open we will have all new merchandise.

THANK YOU AGAIN

# Education is for the birds

(The birds who want to get ahead)

Anybody who thinks going to school is kid stuff . . . has got to be kidding. Never before has a good education been so essential in getting good jobs and earning good money as it is right now.

And yet, many people still think a good education is a luxury they can afford to do without. The fact is . . . to get a good job today, you need a good education.

A good education qualifies you for a better job to start with. A better salary, too. And a future

that keeps paying-off year after year.

So, get a good education. You can't get ahead without one. If you're in school now . . . stay there! Learn all you can for as long as you can. If you're out of school, find out how to get valuable training outside the classroom. Just visit the Youth Counsellor at your State Employment Service. Remember, a good education isn't a luxury today. It's an absolute necessity.

To get a good job, get a good education

# Neinda Philosopher Up In Arms At Start of Year Over New Idea to Feed Newspapers to Cows

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One faces the new year about like he always has, his letter indicates.

Dear editor:

At first I thought I was facing the new year completely out of luck. Here was this newspaper which had been used as packing around a Christmas present to keep it from breaking with an article in it that almost threw me.

On top of that it didn't work, the present was broken anyway.

According to the article, some agricultural scientists have discovered that you can grind up old newspapers, add molasses, and feed it to cattle and they thrive on it as well as they do on grain.

If this gets out, I thought, it'll ruin my source of reading matter. Who's going to throw a newspaper away if he can pour molasses on it and

feed it to his cow?

Like it is, most people with cattle spend more time working for their cows than cows do working for them. It's sort of like the government, but, I said to myself, if the cows are going to get my newspapers to boot, 1968 looks mighty dismal. Television and radio are all right, but for solid news give me a newspaper.

Then I got to thinking, I'm not in this by myself. If paper

and molasses will fatten a cow, sooner or later some smart scientist is bound to figure out that it's unscientific to run apiece of paper through a press first, what does a cow care whether it has printing on it or not, just stir blank paper and molasses together and save the printing costs. You can't beat scientists for thinking things through, given enough time and appropriations.

But, and you're bound to see this immediately, where does that leave you?

You going to shut down your printing press and go into the feed business?

You going to change your

firm's name to The Herald and Molasses Depot?

We'd both better get to work and change the direction of this movement. Get the scientists to develop a cow that'll thrive on weeds and vines and leave the newspaper business alone.

Let's start a rumor that the hoof-and-mouth outbreak in England was started by a cow's eating a copy of The Dallas News.

Yours faithfully,  
J. A.

## County Agent Warns of Annual Lice Invasion

Farmers and ranchers in Jones County should be on the lookout for the annual invasion of lice on their livestock. These pests will reduce profits and increase feed bills unless they are controlled, advises County Agent Kirby Clayton.

The county agent suggests that livestock producers come by his office for a copy of MP-691, "Texas Guide for Controlling External Parasites of Livestock and Poultry."

The publication, he adds,

is "chuck-full" of information on insecticide formulations and how to use them in controlling flies, lice, mites, ticks, fleas, cattle grubs and others. It contains a dilution chart for mixing sprays and dips and outlines control programs
